CHITY GROUP

Asset Index

Directory of the CHITY GROUP brand package

1. Package structure

The brand package holds 170 files in ten folders. Every file is listed, with its path and description, in CHITYGROUP_AssetIndex_Master_CSV.csv. This document summarizes the package by folder and format.

FOLDER	CONTENTS	FILES
00_README	Project Overview, Asset Index and the full file list (CSV)	5
01_STRATEGY	Brand Foundation, Brand Strategy, Brand Architecture	6
02_LOGO	Logo System and logo files, in subfolders Primary_Stacked, Secondary_Horizontal, Submark, App_Icon_Favicon and Endorsement_Line, each split by format (SVG, PNG, PDF, ICO)	77
03_COLOR	Color Specifications and design tokens (CSS)	3
04_TYPOGRAPHY	Typography and Licensing, Font_Files (TTF with OFL licenses), Web_Fonts (WOFF)	13
05_GRAPHIC_ASSETS	Graphic Language, Icons (SVG, PNG) and Curve (SVG, PNG)	50
06_IMAGERY	Imagery	2
07_APPLICATIONS	Applications	2
08_TEMPLATES	Presentation, Letterhead, Business_Card, Email_Signature, Social	9
09_GUIDELINES	Brand Guidelines and Brand Usage and Governance	3

Documents are supplied as PDF. Editable Word versions sit in an Editable subfolder beside each PDF.

2. Naming and formats

Names follow CHITYGROUP_[Asset]_[Variant]_[Background]_[FORMAT]. Documents use "Master" as the variant and omit the background.

FIELD	VALUES
Asset	PrimaryLogo, PrimaryLogoNoTagline, SecondaryLogo, SecondaryLogoNoTagline, Submark, AppIcon, Favicon, AppleTouchIcon, EndorsementLine, Icon_[Name], BrandCurve, BrandCurvePair
Variant	FullColor, Navy, White, NavySolid, WhiteSolid, Slate, Royal, Gradient
Background	Light (for light surfaces), Dark (for dark surfaces), Transparent (works on either)
Format	SVG, PNG, PDF, ICO, DOCX, PPTX, HTML, CSS

FORMAT	USE IT FOR
SVG	Websites and any use that needs sharp scaling. Preferred source for print and sign making.
PDF (logos)	Vector artwork for printers and sign makers that ask for PDF.
PNG	Word, PowerPoint, Canva and email. Transparent background, 3000 px on the long edge for logos.
ICO, PNG (icons)	Browser tabs, home screens and app stores.
TTF / WOFF	Installed fonts for documents and design (TTF); web fonts for websites (WOFF).

3. Care of the package

- Keep the package in one controlled location. Give edit rights to the Brand Owner only.
- Use only the files listed here. Archive superseded files; never keep two versions in use.
- Add any new brand asset to the Asset Index and the file list (CSV) when it is approved.
- Share fonts only together with their OFL.txt licenses.

4. Documents

DOCUMENT	PURPOSE	FOLDER
Project Overview	The brand at a glance and where to start	00_README
