CHITY GROUP

Applications

Stationery, presentations, documents, digital and social

1. Approach

Every application of the brand follows the same logic: one logo, solid color behind text, Montserrat for headlines and Inter for everything else, and at most one brand curve. Ready-made templates carry these rules so they do not have to be rebuilt each time.

ITEM	FORMAT	TEMPLATE FILE
Business card	Print PDF, 85 × 55 mm with 3 mm bleed	CHITYGROUP_BusinessCard_Template_Front_PDF.pdf and _Back_PDF.pdf
Letterhead	Word, A4	CHITYGROUP_Letterhead_Template_DOCX.docx
Email signature	HTML	CHITYGROUP_EmailSignature_Template_HTML.html
Presentation	PowerPoint, 16:9, five layouts	CHITYGROUP_Presentation_Template_PPTX.pptx
Social media backgrounds	PNG: 1080 × 1080, 1080 × 1350, 1500 × 500	CHITYGROUP_Social_[Tile or Banner]Background_Dark_[size]_PNG.png

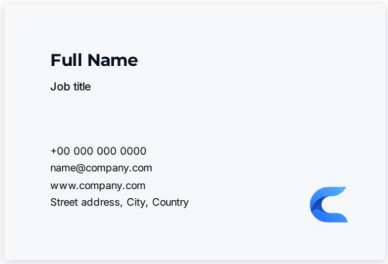

2. Stationery

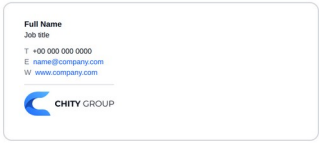

Letterhead (A4)

Business card, front

Business card, back

Business card

ELEMENT	SPECIFICATION
Size	85 × 55 mm trim, with 3 mm bleed on all sides (91 × 61 mm).
Front	Deep Navy. Secondary logo without tagline, 42 mm wide, vertically centered, 9 mm inside the trim from the left. One brand curve at the bottom right, clear of the logo.
Back	Cloud White. Name in Montserrat Bold 11.5 pt. Job title in Inter Medium 7.5 pt. Contact details in Inter Regular 7 pt, 1.65 line spacing, in Deep Navy. Submark, 9 mm wide, at the bottom right. Keep all text at least 8 mm inside the trim.
Production	Artwork is supplied in RGB. Ask the printer for a printed proof before the run (see Color Specifications, section 6).

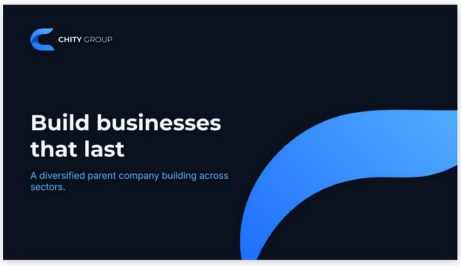

Letterhead

ELEMENT	SPECIFICATION
Page	A4. Margins: top 35 mm, bottom 26 mm, left and right 25 mm.
Logo	Secondary logo without tagline, 45 mm wide, top left.
Body text	Inter Regular 10 pt, line spacing 1.5, left-aligned, Deep Navy. Subject line in Montserrat SemiBold 11 pt. Emphasis in Inter Medium.
Footer	Hairline rule, then "CHITY GROUP" in Montserrat SemiBold 8 pt and the registered address, telephone, email and website in Inter Regular 7.5 pt, Slate Gray.

Email signature

- Arial 10 pt, because email programs do not display custom fonts reliably. Name in bold Deep Navy, title in Deep Navy, contact labels in Slate Gray, links in Action Blue.
- Secondary logo without tagline, 160 px wide on screen, supplied at 320 px for sharp displays. Host the image on a web address and point the signature to it.
- One signature format for everyone. No quotations, extra graphics or colored text. Any legal disclaimer sits below the logo in Slate Gray, 11 px.

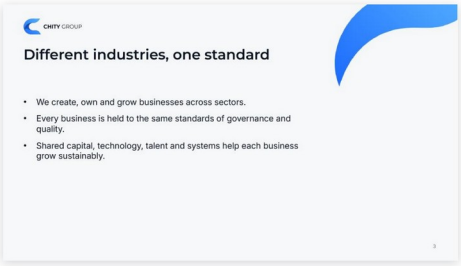

3. Presentations

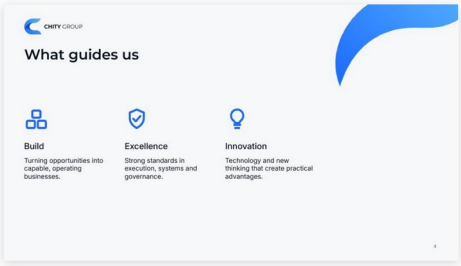

Title

Section

Content

Pillars

LAYOUT	USE
Title	Opening slide. Deep Navy with the brand curve.
Section	Divides a presentation. Section number above the title.
Content	Title and body text on Cloud White. Slide numbers included.
Pillars	Three columns, each with an icon, a label and a short line of text.
Closing	Primary logo with tagline, centered on Deep Navy.

- Dark layouts open and close a presentation; light layouts carry the detail.
- One idea per slide. Titles in Montserrat, body text in Inter at 18 pt or larger, supporting text no smaller than 14 pt.
- Create new slides from the supplied layouts. Do not move the logo, add a second curve or place text on the curve.
- Photographs and charts follow the Imagery and Graphic Language documents.
- Install the four brand fonts before editing (see Typography and Licensing).

4. Documents and reports

ELEMENT	RULE
Cover	Deep Navy with one brand curve, the logo at the top left and the title in Montserrat Bold. The cover carries no body text.
Pages	A4, margins about 22 mm. Cloud White or white pages with Deep Navy text.
Headings	Montserrat Bold (level 1) and SemiBold (level 2), Inter Medium for level 3, following the type scale.
Tables	A Deep Navy header row with small Inter Medium capitals in white; hairline rules between rows; no vertical lines.
Callouts	A 2 pt Action Blue bar at the left on the light surface tint, with Deep Navy text.
Footer	"CHITY GROUP | Document title" at the left and the page number at the right, in Slate Gray 8 pt, above a hairline rule.
Delivery	Share external documents as PDF with fonts embedded.

The CHITY GROUP brand documents are built to these rules and serve as the model.

5. Digital

ITEM	RULE
Website header	Secondary logo without tagline, 140 to 180 px wide, linking to the home page. Navigation in Inter Medium.
Website footer	Secondary logo with tagline, or without it at 140 to 160 px. For operating businesses, the endorsement line "A CHITY GROUP COMPANY".
Hero areas	Deep Navy with one brand curve, or a calm image with a Deep Navy overlay of at least 60% under the text.
Buttons and links	Action Blue fill with Cloud White label on light areas; Sky Blue fill with Deep Navy label on dark areas. Links in Action Blue (light) or Sky Blue (dark).
Browser and app icons	Favicon and app icon files from the logo package.
Newsletters	600 px wide. Arial as the text font. Logo at the top, Cloud White background, buttons in Action Blue.
Accessibility	Contrast per the Color Specifications. Descriptive alternative text on every image.

6. Social media

Post, 1:1

Post, 4:5

Banner, 3:1 (content in the central safe area)

- **Profile picture:** the app icon, centered in the platform's circle or square.
- **Posts and tiles:** a Deep Navy background with one brand curve, a Montserrat Bold headline of six words or fewer, and the logo at the bottom left. Keep the headline and logo off the curve.
- **Banners:** design at 3:1 with every element in the central safe area, because platforms crop edges differently.
- **Imagery:** one dominant image, treated as described in the Imagery document.
- Platform dimensions change. Keep the ratios above and check each platform's current guidance before exporting.

7. Signage, vehicles and merchandise

ITEM	LOGO FILE	NOTES
Signage	Primary logo with tagline, SVG	Largest practical size, with the clear space intact. Deep Navy or Cloud White sign faces.
Vehicles	Primary or secondary logo, SVG	Vector artwork only. Keep the logo off panel seams and the curve off lettering.
Embroidery, engraving, stamps	Solid submark or one-color logo	Use the solid submark below 120 px (30 mm).
Merchandise (folders, bottles, notebooks)	Submark or one-color logo	Deep Navy items with the White logo. Ask for a sample before the full order.

Always supply vendors with the SVG files and require a proof before production.
